Standard Operating Protocol for movement of residents of Bihar stranded outside the country and arriving by special flights.

The Government of India vide Ministry of Home Affairs order dated: 05/05/2020 has issued Standard Operating Protocol (SOP)- procedures to be followed to bring Indian nationals stranded in other countries due to the Covid- 19 pandemic. The Ministry of Home Affairs, Government of India has issued instructions vide para -1 above for such Indian citizens, who went to foreign countries for various purposes like employment, education, internship, tourism and business activity before lock down and are stranded there and have requested to return to India either due to medical emergency and/or death of any family member.

It is estimated that about 8000 persons from the state of Bihar may be brought back via special flights operated by Air India. In the light of the above the procedures and guidelines, for residents of Bihar returning to the state, to be followed are as mentioned below:

1. The list of passengers with their passport details, arrival date and time would be shared with the Nodal Officer, Bihar by the coordinating officer appointed by MEA at least 1 day before departure for smooth coordination.
2. The point of disembarkation for all such special flights- whether direct or indirect - arriving in the state of Bihar will be the Gaya International Airport, Gaya.
3. All passengers arriving at Gaya Airport will be quarantined at Bodh Gaya/Gaya only, regardless of their home district within Bihar.
4. The period of quarantine will be 14 days- post arrival- in an institutional quarantine facility at Bodh Gaya/Gaya.
5. The accommodation at quarantine centres will be on the basis of payment. Options for accommodation can be accessed at www.vandebharatgaya.in. Meals will be standard on payment basis at rates decided by the district administration either in-house in hotels or via caterers in guest houses and monasteries.
6. Booking of rooms in quarantine centres on the basis of payment must be done via www.vandebharatgaya.in before the passenger boards the flight so that logistics can be arranged accordingly. MEA should communicate this to all prospective travelers well in advance.
7. All passengers will mandatorily have to undergo medical screening upon arrival at the airport. Only asymptomatic passengers will be allowed to proceed to the quarantine centre. Symptomatic passengers will be immediately taken to the isolation centre at ANMMCH, Gaya under supervision of Health authorities as per laid down SOP.
8. Airline staff in the aircraft and on the ground will ensure that Self reporting forms are filled properly- first copy to be collected by APHO and second by immigration authorities.
9. All passengers will mandatorily have to download the aarogya setu app on their mobile device on arrival, if not done earlier.
10. All passengers will be transported to the quarantine centres in vehicles arranged by the District Administration Gaya, in coordination with the concerned hotel, under police escort. Each bus should be made available with one driver and 2 other persons to handle the loading and unloading of luggage.
11. No stoppages of any kind en route to the quarantine centre will be allowed.

- 160
12. No unauthorized visitor will be allowed into the airport premises or the quarantine centres for any purpose other than official.
 13. On arrival at the quarantine centres, the travelers will move straight to designated rooms where they will be quarantined for a period of 14 days.
 14. The flow of passengers upon arrival at the airport would be in accordance with the chart attached as Annexure -I

For efficient implementation of the above, the following should be ensured by the concerned offices:

Health Department: a. Make arrangements for full proof medical screening of all passengers.
b. Evacuation of symptomatic travelers from the aircraft, on arrival from the aerobridge or from the quarantine centres as per SOP.
c. Regular monitoring of quarantine centres to ensure that proper measures are being taken to detect positive Covid-19 cases if symptoms emerge later.
d. Setting up of emergency medical teams for quick response.
e. Provide hand sanitizers, Vitamin C tablets and any other immune boosting supplements to the passengers.

d. Provide PPE kits, face masks, hand sanitizers and gloves to all concerned personnel as per the need. Utmost care must be taken to ensure that all necessary precautions are taken to protect personnel on the ground.

Disaster Management Department: a. Make provisions for arrival kits in coordination with the District Magistrate, Gaya.

b. Overall coordination with all stakeholders for smooth operation.

District Administration: a. Ensure sufficient trained manpower at the Arrival area to help download aarogya setu app, booking of rooms if not done, ushering to designated locations for boarding buses, handing over of arrival kits etc.

b. Collect passports with acknowledgement from the immigration authorities which will subsequently be returned to the passengers.

c. Deploy trained manpower for data entries of the passengers.

d. Arrange transport from the airport to the quarantine centres.

e. Ensure security of the airport entry points, routes and quarantine centres.

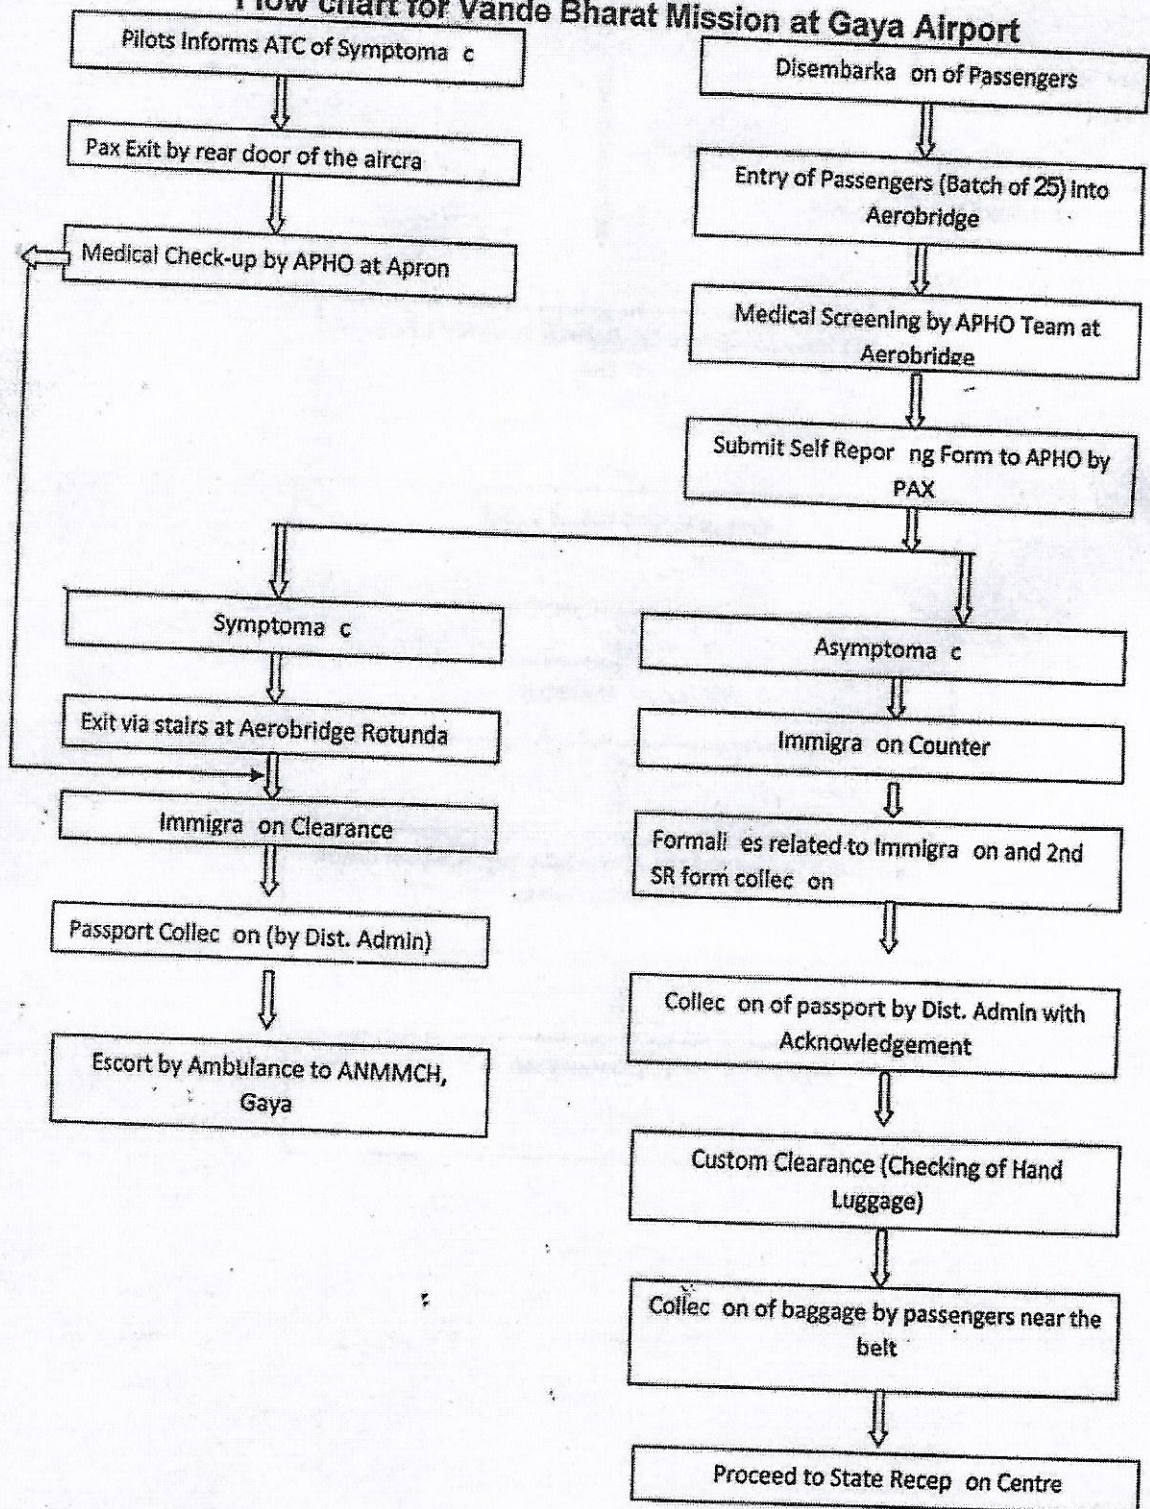

f. Overall supervision of the quarantine centres.

The state Government has nominated the following as the nodal officer who will coordinate with the coordinating officer for the state appointed by MEA for smooth operations.

Shri Asangba Chuba Ao, IAS
Divisional Commissioner Magadh
